

Lokendra Suryawanshi

Jalgaon, Maharashtra

+91 9764237812 — lokendrasuryawanshi18@gmail.com

LinkedIn — GitHub — CodeChef — LeetCode

SKILLS

- **AI/ML:** Machine Learning (CNN, RNN, LSTM), Pandas, NumPy, Scikit-learn, TensorFlow/Keras
- **Programming:** Python, Java, SQL
- **Cloud & Backend:** AWS (EC2, S3, Lambda, IAM, RDS), REST APIs, Spring Boot, Flask
- **Databases & Tools:** MySQL, Git, Docker, Postman
- **CS Fundamentals:** DSA, OOP, DBMS, Operating Systems, Computer Networks

TRAINING EXPERIENCE

Wipro TalentNext — Java Full Stack	2024
• Built CRUD web applications using Core Java, HTML/CSS/JavaScript, and MySQL • Used Git for version control across all training projects	
SCDL — AWS with Python	2025
• Automated cloud operation using Python scripting • Built and shipped 15+ personal projects across ML, web, and cloud in 3 months, including Automated Cost Optimizer using AWS and Automated CI/CD Pipeline using AWS Lambda	

PROJECTS

BringingBack – Find the Missing Java, OpenCV
• Developed a face recognition-based web application using OpenCV integrated with Java backend. • Implemented facial feature extraction and image matching with stored database records. • Built backend using Servlets and JDBC for handling user data and image uploads. • Designed MySQL database schema for efficient data storage and retrieval.
Voice Emotion Detection System (AWS Deployment) Python, ML, AWS
• Developed a machine learning model to classify emotions (happy, sad, angry, neutral) from voice inputs. • Extracted audio features such as MFCC and chroma using Python for effective emotion recognition. • Built an end-to-end pipeline for audio processing, feature extraction, and real-time prediction. • Deployed the system on AWS using EC2 for hosting and S3 for audio storage.

EDUCATION

SES's R.C. Patel Institute of Technology <i>B.Tech in AI & ML</i>	Shirpur 2026
ASC College <i>12th (HSC)</i>	Chopda 2021
S.S.S.G.P.M.V <i>10th (SSC)</i>	Chopda 2019

ACHIEVEMENTS

- Solved 1000+ algorithmic problems on CodeChef, demonstrating strong problem-solving and data structures proficiency.
- Founding member of the Fetch.AI Coding Club, contributing to technical community building and peer learning initiatives.
- Organized and conducted 20+ technical workshops and events on programming and emerging technologies.
- Led a team at SunHack International Hackathon (2020), collaborating on innovative problem-solving under time constraints.
